

Title : What are the considering factors when investing in Real Estate in Asia

Abstract : The world is fast becoming an integrated place in every sense. Cross border Real Estate investment is getting ever increasingly popular among investors as a major investment class. This presentation will try to address some of the major considerations when conducting cross boarder Real Estate investment in Asia.

Desmond Chan
Real Estate Advisor to Farpoint

Desmond has more than 19 years experience in Real Estate construction, development, asset management and commercial leasing. He has managed over S\$3 billion real estate development projects across Asia ranging from office, retail, residential to hospitality.

Prior to joining Farpoint, Desmond has previously worked with Singbridge International, a subsidiary of Temasek Holdings, Pacific Star Asset Management, CapitaLand Commercial and City Developments Ltd. Desmond holds a Bachelor of Science degree in Building Management (Honours) from National University of Singapore, two Master of Science degree in Construction Management and Real Estate Investment, both from the University of Reading, UK.
